2014 Work Plan Overview

2

1. Cal TF launch
2. Review and approve 5-6 new measure workpapers
3. Develop public Cal TF website
4. Develop “Future of Cal TF” document
5. Cal TF One Year Review

Goal 1: Cal TF Launch

3

- High enthusiasm for RFQ allowed ~50% selection rate
 - “400+ years of energy efficiency experience”
- First meeting held on June 26
- Subsequent meetings scheduled forth Thursday of every month through May 2015

Goal 2: Approve 5-6 New Workpapers

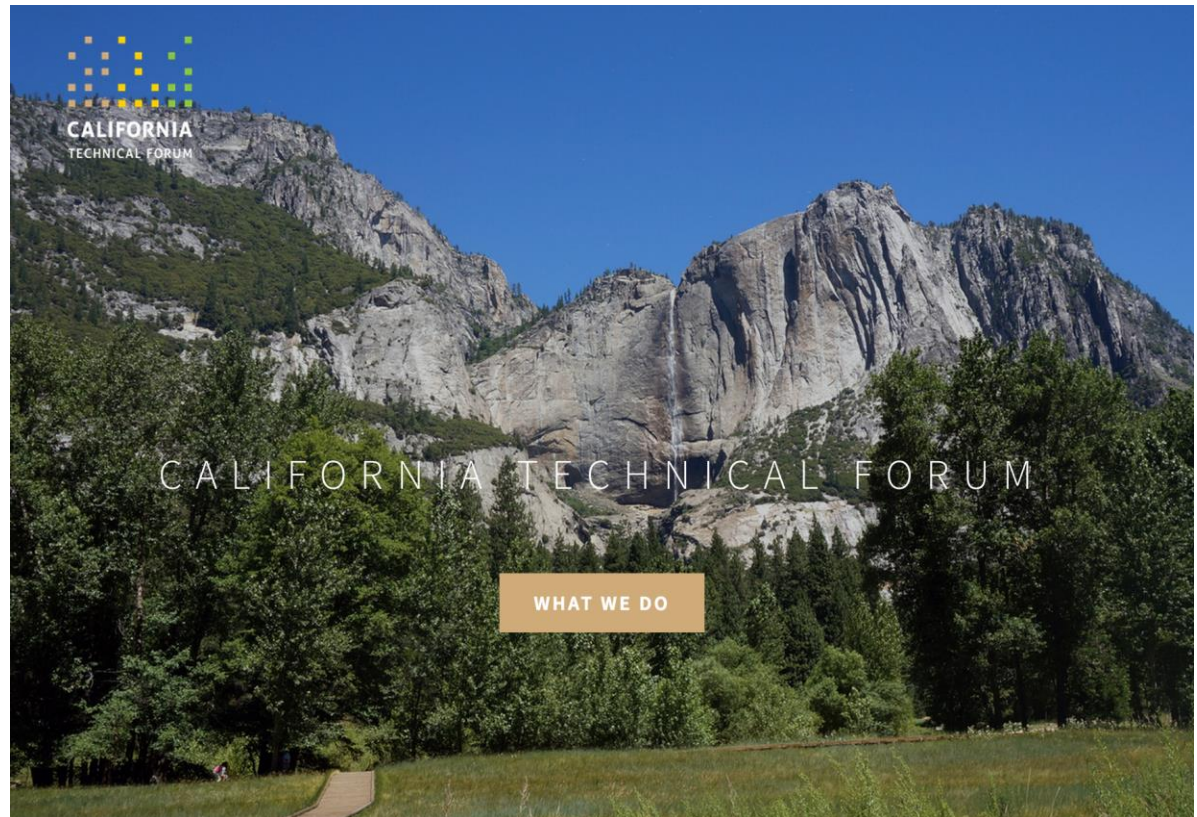

4

- Five workpapers approved
 - Commercial Condensing Unit Heaters (SCG)
 - Circulating Block Heaters (SCE)
 - Commercial Variable Speed Pool Pumps (SCE)
 - Commercial DC Pool Pumps (SDG&E/SCE)
 - Commercial Dishwashers (SCG)
- Ongoing review of pipeline to ensure steady work for TF
 - Anticipate need to prioritize measures that TF reviews
 - ✦ Measure Selection and Subcommittee processes approved for use

Goal 3. Develop Public Cal TF Website

www.CalTF.org

- Public launch September 10th, 2014
- All documents for measures approved or under review
- Meeting notes and other materials
- TF and PAC member information

Goal 4. Develop “Future of Cal TF”

6

To support the growth of energy efficiency and IDSM through a technically rigorous, independent, transparent peer review of California energy efficiency values and other related technical information.

- Continue review of new and outdated measures/parameters
 - Ex ante process joint responsibility of CEC, CAISO, CPUC
- Develop consistent statewide policies related to ex ante value development
 - Technical guidelines: “Measure Complexity”
 - Policy positions: “Savings Below Code”
- Return to a statewide process
 - Eventually simplify DEER so useful to POUs as well as IOUs
- Lower cost and contention around developing ex ante values

Goal 5. One Year Review

7

- To be completed by second PAC meeting of 2015

Additional Accomplishments

8

Foundational Research

- Lessons Learned from other Stakeholder Collaboratives
- CPUC Directives on DEER, non-DEER Workpapers, and the Ex Ante Process
- Cal TF's Support of California's Broader Energy Policy Objectives
- Forthcoming: Nationwide TRM Best Practices
