New Measure Process *Launched!!!*

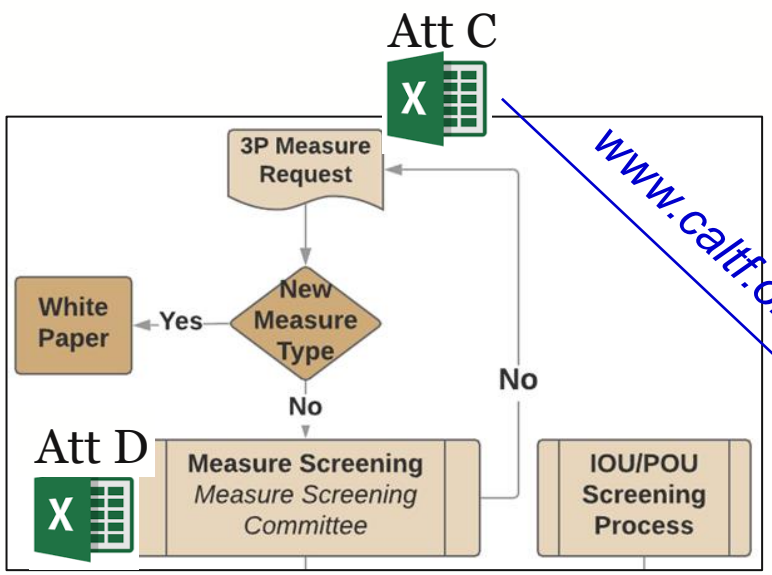
AYAD AL-SHAIKH

JUNE 25, 2020

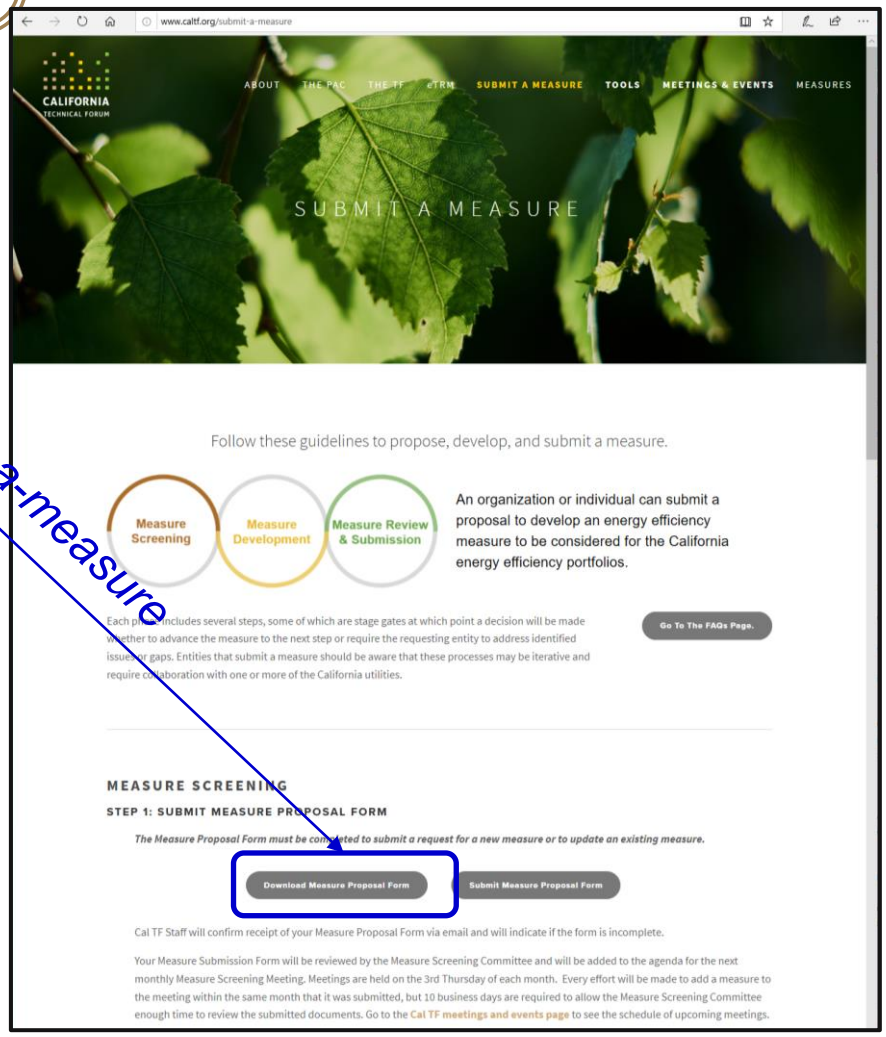
Highlights

- Website went live at the end of May!
  - *www.caltf.org/submit-a-measure*
- Measure Screening Committee is starting to meet
  - We have a great group that I will introduce.
  - We have already received our first proposal!
- Next Step…
  - Educate stakeholders that this path exists.
  - We want you to be our ambassadors to spread the word.

Website Launched!



www.caltf.org/submit-a-measure



Screening Committee Team

- CEC
- CPUC
- Independent Advisors
  - (tbd)
- Cal TF Staff
  - Ayad Al-Shaikh
  - Tomas Torres-Garcia

Key Features

Open to 3Ps	Allows Third Parties (3Ps) to propose & develop new & updated measures
Upfront Measure Screening	By committee of multiple stakeholders
Early Input	CPUC Consultant & Cal TF
Standard Template	Standardization increases efficiency & consistency across all measures Data dictionary explains each field
Clear Guidelines	Standardization of QA/QC Ensures high-quality, accurate measure analysis & documentation
Final Review	Cal TF Affirmation CPUC Consultant review & approval for all IOU measures

New Measure Process

- Goals:
  - Understand that a new process exists to get energy efficiency measures into utility programs for Third Parties (ie, implementer or manufacturer).
- Additional Value:
  - Measures that are not accepted should be redirected.
  - Get early feedback from experts.

Process Flow
